Saying Goodbye Is Never Easy

Flowers are the perfect way to express your feelings and pay respect when words simply aren't enough. But, at a time of loss, it can be difficult to know which flowers to choose.

Heavenly Flowers Hire is a silk funeral flower rental service operating within your area. We are a family run business offering a low cost alternative to buying funeral flowers and tributes from high street florists. Our quality silk flowers are extremely environmentally friendly while being much more affordable than fresh flowers. We can also do flowers to purchase upon request.

As a family business, we prize ourselves on offering the best service for our customers with compassion and understanding. Our service includes free delivery and collection on all of our packages.

You can be assured that from the moment you place your order, it will be handled with care by us before being hand delivered to the funeral directors.

Essentially, anything you'd like in flowers - We can provide you.

How does hiring flowers work?

Hiring our flowers is really simple. We know its a difficult time so we work to make it stress free and easy.

Once you've contacted us we then make contact with your chosen funeral directors to arrange the delivery of the flowers. We don't want you to worry about anything at all when it comes to using our flowers so we handle it all.

We are responsible for delivering and collecting the flowers after the service. Don't worry we'll only do this once the family have moved on after the service.

We take pride on being a discreet service when collecting the flowers.

By hiring the flowers, you too are serving the community by enabling those flowers to go on to help another family one day. Renting funeral flowers is becoming increasingly popular due to its positive environmental impact.
